Christian Church Discount

Dear Pastor,

Grace provides a Christ centered education for children. So we encourage families to continue to be active members at their church.

Grace Lutheran School is offering a tuition discount to parents with students in Pre-School through grade 8 actively attending other Christian Congregations. However, this discount is contingent upon the family's active membership and attendance in your church.

(Grace defines an active member as a member (parent) who attends an average of at least twice each month.)

(You may use your own definition of active membership)

You will be asked to complete this form twice a year. Check which period you

- The first church attendance verification letter is due **September 15th** which is the basis for the first semester discount beginning in August.

(Church attendance based on January through end of June).

- The second church attendance verification letter is due **January 15th** which is the basis for the second semester discount beginning in January.

(Church attendance based on July through end of December).

I attest that (family name) _____ are members of

(church) _____ which is located

at (church address) _____

and that they have during the above checked period:

- Actively been attending church
- Not been actively attending
- Are not members

Pastor's printed name: _____

Pastor's signature: _____ Date: _____
